**Dear Mr Gricar,  
Dear Professor,**

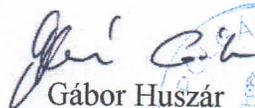

With reference to the discussions at the Slovenian Embassy and the ideas raised there I suggest that for the conference on the 19<sup>th</sup> and 20<sup>th</sup> of September each participating city should invite a couple of secondary school students with creative thinking.

I am positive that e-communication is significantly closer to the mindset of this age group.

I would like to ask you to observe my suggestion during the preparatory works.

Szentgotthárd, 2<sup>nd</sup> of June 2016

Your sincerely,

  
Gábor Huszár  
Mayor
