

# Professors Emeriti Network

Professors Emeriti Network. We walk what we talk.

**Using a Project Management methodology to make Outback Australian Adventure travel safe, successful, and enjoyable — applying pre-retirement learning and activity to post-retirement travel enjoyment**

Dr. Heinz V Dreher, Independent Researcher, Professor Emeritus of Informatics,  
[textminer@outlook.com.au](mailto:textminer@outlook.com.au)

The Longevity - Silver Economy: What are we to do?  
Contribution for Zoom Meeting on 20/11/2024

## **A) motivation (objectives)**

- get out into the Outback and enjoy the serenity in nature,
- observe - look, listen,
- record - take notes, photos,
- compile - create stories of the adventure and share with friends colleagues and family.

## **B) the travel project**

Examples "RR-trip-June2024", or "Old-Kuardup-Cave-discovery-trip-July2024"

- Phase 1 - plan
- Phase 2 - execute & evaluate
- Phase 3 - document & publish

## **C) artefacts created & collected**

- weather forecasts & real-time records
- geographic place & features as featured in published records - journals, blogs, video-logs, mapping system annotations, private correspondence, ...

## **D) resources tools or devices required**

- transport devices
- safety-recovery devices
- bush-repair tools
- communications devices
- navigating & recording devices (mapping, trip planning, trek recording, story
- survival devices

**E)** and of course there needs to be an adequate period of TIME over which all the resources are applied to achieve the goals.

**F) Example scenario or case study** based on one of my completed trips - "[In the Western Half of Australia](#)". Heinz Dreher, April- May 2016.
