# What is AROHE?

At the Association of Retirement Organizations in Higher Education (AROHE), we know that higher education retirees are assets of society who reinvent, NOT retire from, life; positively impact their communities; and contribute to the greater good.

***AROHE champions transformative practices to support all stages of faculty and staff retirement, the mutually beneficial engagement of retirees with one another and with their institutions, and their continuing contributions to campus and community life.***

***This means we,***

- support campus retirement organizations (ROs) and
- expand and enhance the services they offer to their members.
